

TUITION and MAKE-UP POLICY

Students may take class only if tuition is current. There are no tuition refunds. Make-up classes are permitted and should be taken as soon as possible – and no more than one month – after the missed class.

All make-up classes must be taken within the same session as the original missed class. For example, make-ups for missed classes during the regular academic year must be taken within that academic year – they cannot be carried over to the summer session. Classes missed during the summer session must be made up within the summer session – they cannot be carried over to the fall session.

Open Classes during studio breaks are not available for make-ups.

NO CREDIT IS MADE TOWARD TUITION FOR MISSED CLASSES

In the case of an injury that prevents a student from taking class at all, tuition may be frozen while the student is recovering. Tuition will resume when the student is able to return to class.
